

**CO-PORTABLE HELIPAD LIGHT**  
**LED HELIPAD LIGHTS**

**Specification:**

- Light source Ultra High Intensity Led
- Input Voltage 220V AC
- Lamp Luminous Efficiency(lm/w): 100
- CRI (Ra): >70
- Circuit Protection Integrated
- Flash Characteristics Instant Burning
- Wind Speed (m/s) 210
- Humidity 10-90 percent
- LED Life Experience, Hours, (Min) 50000
- IP Rating 65
- Frequency 50HZ
- Ambient Temperature -20 to 55 deg. Celsius
- Body Material Mild steel
- Flashing Light, Flash per Minute >80
- Operation Hour 12 Hours
- Product Life Expectancy Average Five Years
- Candle power >50
- Type of Battery SMF, li-on (optional)
- Weight 3.7kg
- Operating voltage DC 12v
- View angle 360 deg.
- Candle Power >50
